I am a creative Front-End Developer with several years of experience providing high-impact web solutions for diverse industry organizations. Proficient in HTML, CSS, jQuery, and JavaScript; plus modern libraries and frameworks. I am a fast learner and skilled in designing, developing and testing multiple web-based applications incorporating a range of technologies. Looking for an opportunity where I can contribute towards upcoming technology innovations and combine broad background with strong technical skills to excel as a Front-End Developer.

🕐 Work History

November 2021 – Present
